Company Background

Since establishment in 1992, Chien Jin Plastic Sdn Bhd has been committed to meet the higher expectation of quality pipe fittings and increasing industry demand to support the water delivery and distribution networks in the local and global markets.

Located in Ipoh approximately 200km north from Kuala Lumpur, Malaysia, Chien Jin Plastic Sdn Bhd emerges as a leading manufacturer of thermoplastic pipe fittings, irrigation fittings, water works products and sanitary-wares in the South East Asia region. Marketing under its well recognised **FISH** the company is glad to receive continuous strong supports from partners, distributors and customers who widely adopt our reliable products and solutions in more than 40 countries globally.

Driven by its core values of “Quality, Commitment, Expertise” the company is ISO 9001: 2008 Certified by Integrated Quality Certification PVT. LTD. and has multiple product certification and endorsement from domestic and international accreditation body such as Standard and Industrial Research Institute of Malaysia (SIRIM), Institute Kualiti & Persijilan IKRAM (IQCI) and the National Water Service Commission of Malaysia (SPAN); and Watermarks Approval, Australia.

The company is proud to receive the industry awards of Malaysia Good Design (2008) and Golden Bull Award (2009) for its outstanding contribution in product innovation and entrepreneurial business management.

On 1st December 2012, Chien Jin Plastic Sdn Bhd becoming a member of NORMA Group who is a global market and technology leader in engineered joining technologies. This acquisition paves a strategic collaboration and partnership within the company to drive the business forward intensifying efforts to continuously improve and offer value-added products and services to our valued customers in the water industry.

The management and our highly committed 200 employees have the ultimate goal to strengthen the capability of the company and drive the business forward to meet the ever changing future challenges in offering the reliable solutions in pipe fittings and connections to our valued customer.

Quality * Commitment * Expertise
